

WALKING WITH THE LORD IN HOLINESS

Deception in the world

We are what we eat, physically and spiritually

Standards of society set by Hollywood and music

Government setting unrighteous standards

TV shows have an agenda to deceive, to twist the truth

To make immorality seem normal

Love the sinner, but hate the sin

God's standards never change

Deception and error being preached by some preachers today

Read the Word of God for yourself and be cautious of some translations

Never give up on anyone, pray for them

Some crops grow quickly. others take a long time

Hell is real, imperative to witness to other people

Make the most of every opportunity

God works even through what we think are failures

We all need repentance, a change of mind that results in a change of action

We must be set apart from the world

As Christians are we different from those in the world?
