

LIVING LIFE INTENTIONALLY, OPENLY AND OBEDIENTLY

GPS - Global Positioning System versus God's Positioning System

If we try to navigate life on our own, it will drain us quickly

We must begin to live intentionally, which means we do things on purpose

We must be purposeful in loving God with all our hearts

We can never accidentally stumble into the will of God any more than Joshua stumbled into the promised land

1) We must be intentional with the Word of God, not only to read it, but meditate on it

Go “off the map” with God, step into new territory where you have never been before

To do this, we must be strong and courageous

Be intentional to use the gifts you have been given

If we become intentional to use ours Romans 12 gifts, God will move us into the power gifts of 1 Corinthians 12 and to will walk in the miraculous

2) We must live openly

Are we open to God's possibilities or do we disqualify people because of what they have done

Would we have overlooked Rahab because she was a prostitute

We must be open to the possibilities in every person and circumstance in our lives

We will not make it into our promised land unless we are open to it and co-operate with God

3) We must live obediently

Achan's sin stopped the blessing of God until it was dealt with

If you think you can live in sin and still live in victory, you are wrong

God wants us to honor our promises even when it's a promise we should not have made

You do not have to have the strength or power to accomplish what God want's you to do

You just have to get in the position God told you to be in

And now it's miracle time

Every one of us needs the miracle working God in our lives

God wants to take us individually and as a church into places with Him that we have never been before

SCRIPTURE LIST

1 Corinthians 12

Romans 12

Joshua 1:1-9

Joshua 2:8-11

Hebrews 11:31
