

WHAT DOES GOD REQUIRE OF US

Fix the potholes before they become pitfalls

We must be willing to let the Lord do the work He wants to do in our hearts

We need to be under the Lord's construction

The Lord wants your obedience, not just sacrifice

But the Lord also wants your heart, not just your actions

Don't just go through the motions

But, if we are just going through the motions, we have a redeemer who will do a work in our hearts if we will let Him

Sometimes people fill a pothole with gravel, but that's just a temporary fix

What do we try to fill the potholes of our lives with that do not bring a long lasting solution

Things like worldly desires, worldly pleasures, hobbies, habits, etc

The Lord's rod of judgement will come if we do not worship God from our hearts

We need to fill our souls with the Lord through a desire for righteousness

Points from Micah 6:8

1. God requires us to act justly, which means we do what is right or just by God and others
2. God requires us to love mercy, not just when it's shown to us, but also by showing it to others. Showing mercy to others when they do not deserve it is an act of worship
3. We need to walk humbly
