

EVERY LIFE IS PRECIOUS

Every life is special, precious, we are created in the image of God.

God wants us to be like Him, to be His children.

God wants us to know Him as Father, not just creator.

God uses family as an illustration of how He feels about us.

God created not just our physical body, but also our inmost parts, the very center of who we are, the seat of your affection and emotion, that place where your heart and soul come together.

You are awesomely, wonderfully and marvelously made.

You should like yourself because God likes you a whole lot.

God meditates on you and not on the bad stuff, the good stuff.

The Lord rejoices over us with singing and dancing.

If you want to be a man or woman after God's own heart, start falling in love with god's word.

God places an extreme value on your life and so should we.

1. God values the life of the unborn and so should we.

We are presented with many choices

The choice to abstain from sexual relations before marriage (or not).

The choice to dress modestly (or not).

The choice to value marriage instead of cohabitation (or not).

We need to choose to value life on the front end of those choices.

2. We need to value the life that we have been given.

Some of us have lost our spiritual sight because we don't see how important our lives are to our Father.

If we could see that, we wouldn't give up, we wouldn't lament, we wouldn't get discouraged.

We have to keep pursuing our Father, don't be discouraged, don't back down.

The value of something is determined by what someone is willing to pay for it.

God paid His one and only Son for you! You are of great value!

3. We need to value the lives of one another.

If one sheep goes astray, the shepherd leaves the 99 to go after the one.

Fall so in love with God that you just can't help but love other people.
