

MAKING JESUS THE LIGHT OF YOUR LIFE

Just like we need light to see in this physical world, we also need light in our lives spiritually. Jesus is the light of the world.

Many people consider immoral things to be acceptable these days because they are walking in darkness.

We stumble around in darkness, not knowing it, unless we really include Jesus in our decision making. Satan masquerades as an angel of light, he walks around like he is a light.

Two ways that Jesus wants to be a light in our life:

1. Jesus wants to be a light in our life to guide our path, to be involved in our decisions.
 - To find the prize and lead you to His blessings.
 - To avoid dangers and traps.
2. Jesus wants to shine not only externally, but also internally.
 - To shine on our external decisions.
 - To shine internally to expose the bad AND the good inside of us.
 - To expose our strengths and weaknesses.
 - To expose our purpose in life. What were you designed to do?

Three ways we can make Jesus a light in our life:

1. Read your Bible every day, spending time in it, meditating on it.
2. Listen to the people that God has put in your lives as coaches.
 - A coach can see the bigger picture.
 - A coach can see the potential in a person.
 - A coach cares about you.
3. Submit to all authority in your life.

It all comes down to your heart, your heart is the key to the whole matter.

You can know all the steps, but if your heart doesn't want Jesus to be the light of your life, doesn't buy into it, nothing is going to happen, nothing is going to change.

You have to really WANT IT!
