

## **OPERATING IN THE POWER OF GOD**

You cannot believe in Jesus just because your parents do.

You have to decide to believe for yourself.

You have to decide for yourself whether or not to follow Christ.

At some point, the Lord has to become “real” to you.

The Kingdom of God is not based on mere words but on power.

The power of salvation, the power of healing, the power of righteous living.

The power of God at work in us.

### **Living out the power of God:**

1. Be sent.

A disciple is a fully devoted follower of Christ.

A disciple takes up their cross daily and follows Jesus down the road of obedience.

Jesus's road to Calvary was a road of obedience.

It's a process of dying to self and dying to sin.

You are sent into your workplace, into your school, into the store, etc.

2. Do not send others away.

Meet the needs of others that the Holy Spirit shows you to meet.

Give what you have to God and trust Him to make it work.

God has not called you to meet every person's needs, be led by the Spirit.

3. Confess your faith with action not words.
