

WHEN YOU DON'T CARE ANYMORE

If the enemy gets you to a place where you don't care anymore, you are in a very dangerous place.

When you don't care about what you are doing.

When you don't care about the consequences.

When you don't care about how it's affecting your life.

When you don't care about how it's affecting your nation!

When you don't care about how it's affecting your children and your grandchildren!

Sin leads you to death, but before sin leads you to death, it will take you into captivity.

Do you want to be captive in this life or do you want to be free?

God wants you to be free.

Jehoiakim, king of Judah, was too in love with himself and his own kingdom to take the consequence of sin seriously.

Are you living in captivity or bondage at some level today?

God loves you and He wants to set you free.

We have to come to grips with what is in our own hearts.

Sexual immorality is a huge issue in today's society.

When you fall into sexual sin you are being taken captive.

It was an issue in Daniel's day, it was an issue when the Christian Church was started and it is still an issue today.

Each one of us needs to be lead by the Spirit of God, not by what our culture says, not even by what we think is right.

Sleeping together with someone when your not married to them is called fornication.

If it's with someone who is married to someone else it's called adultery.

Sleeping with someone of the same sex is homosexuality.

All of that is sin.

Sin has consequences, if continued long enough sin has severe consequences.

But even greater are the benefits for those who please God.

We should not be motivated by fear, at least not for very long.

The fear of God is the beginning of wisdom, but the love of God is mature wisdom.

When we are walking with God we take on a personal radiance, we look better, feel better.

If we walk in darkness we feel that too, like we're under a dark cloud.

When we walk with God, we have people's respect, even if they do not agree with us.

Doesn't mean everyone is going to like you.

God did not call us to look like the world so we can relate to the world, He never called us to do that.

God called us to be salt and to be light.

We are not to be like the darkness to minister to the darkness.

We are to be light in the darkness, we are to stand out in integrity!

We are to be different!

People should look at us and want to be like us.

Benefits of going God's way:

1. God will give you personal radiance.
2. God will give you people's respect.
3. God will give you His resources.

SCRIPTURE LIST

Daniel 1:1-2	Acts 15:19-20
Jeremiah 36:1-3	Acts 15:29
Jeremiah 36:20-26	Acts 21:25
Romans 6:23	Romans 1:24-28
Daniel 1:3-8	Daniel 1:12-20
Matthew 15:18	Luke 2:52
