

GOOD CONFESSIONS

God has not called us to shrink back in fear, but rather to forcefully advance in faith.

The kingdom of God is a matter of righteousness, peace and joy.

Don't you want that; don't you want righteousness, don't you want peace, don't you want joy?

The enemy will use fear to try and stop you from entering the kingdom of God.

The kingdom of God is good, it is advancing in righteousness, in peace and in joy.

John the baptist and Jesus were both forceful men and used forceful words.

We need to get a kingdom mindset.

We need to get our thoughts, desires, and actions in line with the word of God.

We also need to get our words in line with the word of God.

Today many people's hearts are failing because of fear.

We have record rates of depression, anxiety and nervousness.

When you are weighed down by these things, you are in no condition to fight.

The kingdom of God must advance through the good news of the gospel.

We as Christians must be careful not to buy into the “gloom and doom” message.

What is happening in the world today has to be balanced out by the goodness of God.

The whole earth is full of his glory!

God has a good plan for America, for Illinois, and for Kankakee in spite of these present circumstances.

We have to be a people that believe that God is good and shares that he is good.

Don't focus on all the negative stuff, that will keep us from focusing on the goodness of God.

Your words have influence over your life and the people around you.

America does have evil going on, but not nearly as bad some of what has gone on in history.

Pilate killed Galileans and mixed their blood with the blood of sacrifices.

America is not yet as bad as Sodom.

We reap what we sow, if we sow soybeans we will reap soybeans.

If we sow nothing we will reap nothing (or more likely reap weeds).

It is not sufficient to not say bad stuff, we need to be speaking that which is good.

Your words have the power of life and death.

Are you pronouncing a blessing over your life or a curse over your life?

The absence of bad is not the equivalent of good.

Speak the good even when you don't feel like it, that's when you need to do it the most.

When you advance, you then have to inhabit (occupy).

The declaration of God's goodness is your faith builder.

1. Be intentional about speaking the good.
2. Don't just do it for a season.
3. Declare the praises of Him because he is good.
