

## A NEW START

1. Watch your step.
2. Redeem the time.
3. Do God's will.

Wisdom is seeing other people's mistakes, learning from them, and not doing them yourself.

Be slow to anger and slow to speak.

There is a reason God gave us two ears and one mouth.

We should listen twice as much as we speak.

The devil tries to get our focus on all the garbage going on around us.

Don't let him do it, don't let him steal your joy!

Don't let the devil talk you into having resentment or bitterness against someone else.

Learn to recognize it early, the moment the devil starts bringing those thoughts and feelings.

Stop it early, nip it in the bud.

Don't major on the minors and minor on the majors.

In Bible lingo, don't strain out a gnat and swallow a camel.

We need to read the Word of God, but we also need to **do** it.

The law of God brings freedom if we do what it says, because it sets us free from sin.

Learn from your past mistakes but don't let them worry you, don't keep feeling guilty about it, apologize if that's appropriate, correct your actions and press on toward what's ahead.

Don't worry about things you cannot control.

But we do need wisdom to change the things that we can and should change.

In order to know God's will, we need to spend time in His presence.

Miracles can happen in His presence, hearts can change, healings can take place.

Be led by the Spirit of God.
